MEMORANDUM FOR: [REDACTED] Office of Security

25X1A

SUBJECT : Agency Report to the Information  
Handling Committee

1. In previous years the Committee on Documentation (CODIB) has solicited material from its individual Intelligence Community members on activities of interest to the community at large in the areas of documentation and information handling. During the past year CODIB was reconstituted as the Information Handling Committee (IHC), while the name has been changed the requirements seem to remain essentially the same, and items of community interest are being solicited for inclusion in an Agency report to the IHC.

2. Last year the Office of Security submitted a brief paragraph (attached) covering the status of [REDACTED]. I would appreciate an updated report of [REDACTED] status as well as any other information handling activity in the Office of Security with community-wide implications or interest. Judgments over what should or should not be reported to this particular audience are, of course, the province of your office.
